

Victory Over Death

Text und Musik: Steffen Sahn

Vers 1

On the way out of town there walks a man.
Climbing up the hill, he carries a wooden cross.

Soldiers nail his feet and his hands
and on the hill he's crucified.

Chorus

**Where else can death have such a meaning for the world?
Where else can death be more important than on Calvary?
Jesus died for you and me, made a way to be free.**

**How many days will pass 'til you will act at last?
How long will you delay the decision to accept his sacrifice?
Jesus died for you and me, made a way to be free.**

But one day, it will be too late.

Vers 2

Suddenly it's dark as night,
three hours he's forsaken by God!

Instead of you and me he's suffering
and with a cry Jesus dies!

Bridge

*Jesus is alive, he arose from the dead!
The victory is won, sin is destroyed!*

*Whoever believes that he died for them
is saved from sin and will live for eternity.*
